Hooray! for heNRY After being Outstanding on this His first Major Mini Run

Henry Drove straight in at The deep End after completing a round trip Of

671 Miles
without any problems during this massive 12 round Bout

Sir Henry showed

Once or Twice that He still had The Moves with a Sudden burst of Pace every now and again it never looked like He would throw in the towel

A sure sign of a True Champion

Team PornStars

and Sir Henry Now look forward to take on The World

He still has just over Half a Tank of Petrol left having scored a Massive

89.71 Points during this Fight across The Border
