; ) Just like to say How much I enjoyed Meeting everyone for The first time this year.

The weather was Fantastic and it was nice and relaxed on The Clubstand

On The Downside 2 miles out of Himley The Dreaded D holed Hubcap parted company with the wheel again  
Lucky for me Two Black Guys gave chase and brought it back to me i put it back on and secured it with a kick

drove The 90 miles to Didsbury to The home of Miss Davies  
Sarah for a BBQ and the hubcap was still on

left her home at 10pm got home and The Bugger had gone must of come off on the M56 or M6

good News is just before we left the show i bought another one as a spare Unwashed unclean not nice to look at at all  
however used autosol on it this morning and it looks ok

Not fitted it as trying to find out why ive lost two already

Hope to see you all very soon

and Thanks for a great day Yesterday

Mini Regards ; ) Sir Keith. ; )

Stumpf,

While following you home in the Hednesford Chapter of the Staffsmini club, I noted that your drivers side break light  
doesn't work, if you're using it at the same time as your indicating right.

Regards

Mark
